

March 2022

Dear Friends of Oak Grove Cemetery,

In preparation of Memorial Day, Oak Grove Cemetery will be offering flower vase plantings. This year's gravesite spring flower vase will include dracaena, geraniums, petunias and vinca vines, planted in premium soil that includes a slow-release fertilizer and water crystals. The grounds crew at Oak Grove Cemetery takes care of everything. The flowers receive adequate watering and we carefully remove spent flowers to encourage additional blossoms. If there is a problem with insects, we will spray and monitor the plants. At the end of the season, we will store the vase for you for the next year.

Due to price increases of up to 50% across the industry, we have had to raise our prices to try and compensate for some of those increases. Please call with questions or concerns.

Oak Grove Cemetery offers two spring flower options:

The products and services you purchase at Oak Grove help to provide added income to maintain the cemetery. Thank you for your support.
