

Work Days at Oak Grove Cemetery
hosted by the La Crosse Area Genealogical Society, 2025

Tuesday, June 24 from 3-6 pm No need to stay the whole time!
Come learn and then return in pairs throughout the summer on your own to work.

Meet at Oak Grove Cemetery at 1407 La Crosse Street AND come through the Losey Arch on La Crosse Street from West Avenue. *Signs will lead you from the entrance to our work site in the cemetery.*

Come when you can and leave when you must – you do not need to stay the whole time. There will be a table with supplies and a person to help direct you.

Choices of activities in our workday include taking digital photographs, verifying information from the stones, or cleaning stones.

- ☞ Please protect yourself by wearing long sleeves and pants and bring sunscreen, bug repellent and drinking water.
- ☞ We will be practicing social distancing outside
- ☞ If you choose to take photographs or help with photography, bring a digital camera.
- ☞ If you want to verify information that was previously transcribed, then bring your favorite writing utensil (clipboards provided while you're working).
- ☞ If you choose to clean stones, please bring a sprinkling can or bucket you can lift up when filled with water and a stiff nylon scrub brush. I will supply the cleaner and some old seat cushions that make fantastic knee pads!

Contact Anita Doering at abdoering@gmail.com for more information. This work day will be canceled if there is thunder or lightning – light rain will not affect us. Check the LAGS website for cancellation. <https://www.lacrosseareagenealogicalsociety.com>
